Re: Providence Health & Services/Heart Clinics Northwest and Spokane Cardiology
File No. 101-0191

Dear Ms. Giannini:

The Federal Trade Commission's Bureau of Competition has been conducting a nonpublic investigation to determine whether the proposed acquisition of Heart Clinics Northwest and Spokane Cardiology by Providence Health & Services may violate Section 7 of the Clayton Act or Section 5 of the Federal Trade Commission Act.

Upon further review of this matter, it now appears that no further action is warranted by the Commission at this time. Accordingly, the investigation has been closed. This action is not to be construed as a determination that a violation may not have occurred, just as the pendency of an investigation should not be construed as a determination that a violation has occurred. The Commission reserves the right to take such further action as the public interest may require.

By direction of the Commission.

Donald S. Clark
Secretary
