Re: Impersonation of the Federal Trade Commission by Domain Registered by URL Solutions, Inc.

Dear URL Solutions, Inc.:

I write to inform you that info-federaltrade.com, a website registered URL Solutions, Inc., appears to be impersonating the Federal Trade Commission's ("FTC") name and logo without authorization.

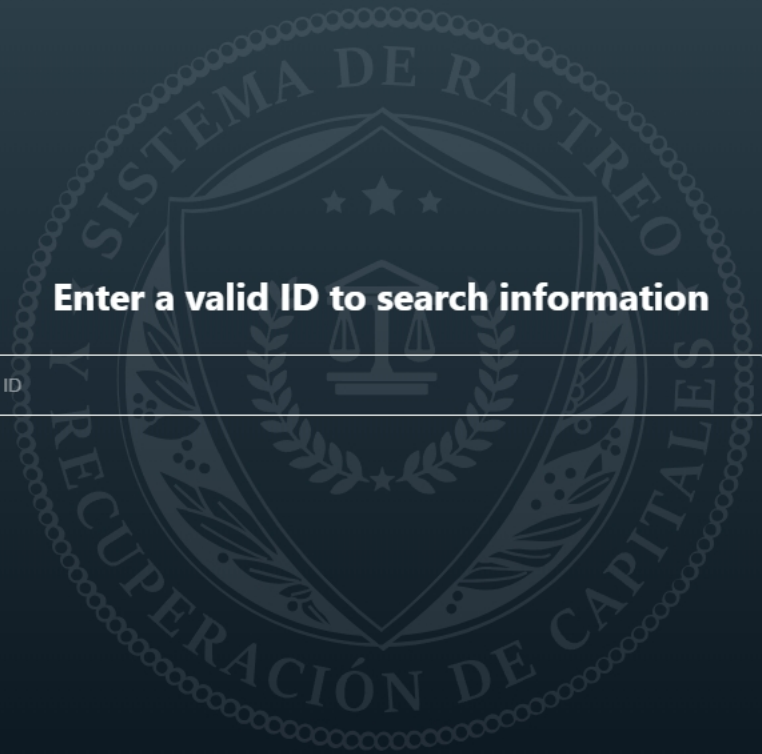

The domain name itself, info-federaltrade.com, gives the impression that the website is associated with the Federal Trade Commission. As shown in the attached screenshot, the website landing page prominently features a seal that mimics the official Federal Trade Commission's seal – a circular seal with words around the outside, a shield at the center, a scale drawn inside the shield, and a ring of berries and greenery around the shield. The website appears designed to legitimize malicious actors looking to re-scam consumers by further perpetuating a false claim that the scammer is an FTC agent that can help the consumer recover money lost to a prior scam.

The FTC is not affiliated with the entities or individuals operating info-federaltrade.com. Please be advised that it is a violation of the Rule on Impersonation of Government and Businesses, 16 C.F.R. § 461, to "materially and falsely pose as, directly or by implication, a government entity or officer."

We hope to hear from you promptly regarding this important consumer protection matter. In that communication, we would appreciate it if you would please provide data or other information identifying any other webpages associated with info-federaltrade.com. Please respond directly, and direct any questions, to Sara Tonnesen, stonnesen@ftc.gov or 202-326-2879.

Sincerely,

/s/ Lois C. Greisman
